

PRESS RELEASE

RYMAN BENCHWEAR DEAL

The Ryman League are delighted to announce that they have this week signed a three year deal with sportswear suppliers Vandanel for the supply of bench wear to all Member Clubs of the League for the next three seasons.

In August this year each League Club will receive full bench kit and all members of the technical area will be required to wear this kit and no kit showing advertising for any other supplier.

Vandanel become the official bench wear and kit supplier of the League for three years and as part of the deal each Club will receive a voucher for £100 towards purchases from Vandanel each season. The bench kit will be replaced in the third year of the term and overall this represents an extremely valuable contract.

League Chairman Alan Turvey said "Vandanel have sponsored the League in the past but never to this extent. We are delighted to welcome them back as sponsors and hope that our two companies will grow in liaison with each other".
