ZX60_000008_000 Update to Intrastat for Electronic Filing.

Produce Intrastat Declarations [GX18751]

From 1st April 2012, electronic submission of Intrastat declarations

becomes mandatory. HMRC will not accept Intrastat declarations on paper forms (C1500 and C1501) after this date.

After 1st April 2012 HMRC will only accept Intrastat declarations in the following formats:

Online form - The user can manually file their declarations via an online form.

CSV off line form The submissions can be uploaded from a CSV file.

EDI The submissions can be filed via an EDI message file (either as email attachments or via x400 public network).

The Print Final SSD report has been renamed as Produce Intrastat Declarations and updated as follows:

The dialogue has been revised.

The option to print the report has been retained for those users that wish to manually file their declarations via the online file.

A new option has been provided that allows a CSV format submission file to be generated.

The generation of EDI message files is now limited to a single option that creates an EDI message file which can be submitted as an email attachment. All other EDI message generation options have been removed.

Please note, Global 3000 Intrastat generates electronic submission files; however the user is fully responsible for submitting them. The Produce Intrastat Declarations option does not automatically submit the files to HMRC.

Please see the accompanying service pack note for further details.

Please note, the menu file has been updated to rename the Print Trial SSD option as Print Trial Intrastat Declarations and the Print Final SSD option as Produce Intrastat Declarations .

Please copy TX-Menus from your program unit (\$P) to your data unit (TXD) after applying this Service Pack. This step is not required if service pack ZM60_000080_000 has been applied and unit 'G3M' has been assigned to your program unit (\$P).
